# DEDICATION

The 1973 edition of the *Thorobred* is dedicated to Dr. Alexis Joseph Richards, Vice President for Academic Affairs. Dr. Richards is a native of New Orleans, Louisiana, and is a graduate of the University of Iowa (B.A., M.A., Ph.D.). He has given forty-four years of service to Kentucky State University acting as Chairman of the Department of Romance Languages (1929-68), Assistant Registrar (1943-68), Acting Dean of Instruction (1968-69), Dean of Instruction (1969-71), and Vice President for Academic affairs (1971-). Dr. Richards is a member of Alpha Kappa Mu Honor Society, Alpha Mu Gamma Foreign Language Fraternity, Alpha Phi Omega Fraternity, Modern Language Association, American Association of Teachers of French, Kentucky Education Association, American Association of Collegiate Deans and Registrars, Kentucky Dean's Association, Mountain Interstate Foreign Language Association, American Association of Academic Deans, and Kentucky Association of Vice Presidents. During his long period of service, he has been engaged in numerous areas outside of teaching and administration. Dr. Richards has served as Director of Extension, as Assistant Registrar for some twenty-five years, as Secretary-Treasurer of the now defunct Mid-Western Athletics Association for fifteen years, as Director of Publicity (especially Sports) from 1931 to 1943, and as college representative on State and National Education committees.

He has been happily married to the former Allie Mae Sweatt of Henderson, Kentucky for forty-one years. Mrs. Richards is an alumna of Kentucky State. They have two daughters: Mrs. Alma Brown of Orlando, Florida and Alexis Marie Richards.

It is with great honor and sincerity that we dedicate this year's edition of the *THOROBRED* to Dr. Alexis J. Richards. His services and contributions have proven to be a great asset to our institution.

Dr. A.J. Richards

# PRESIDENT'S MESSAGE

AT END OF UNIVERSITY YEAR ONE  
(President Carl M. Hill)

This was the year, 1972, when Kentucky State took a Giant Leap Forward from college to university status — thus affording all of us numerous challenges and opportunities. It was a memorial year — a time of many new beginnings and refreshing pride, as we embarked on a sea of new responsibilities and high expectations. To a few of us, this year was just another year in the long life of Kentucky State; but to most, there was a feeling of new obligations, personal and institutional.

Psychologically, the new status generated a new sense of pride and prestige. Academically, we accepted the change in status as a mandate to continue directing our human and physical resources to meaningful improvement in our educational, social and culturally oriented programs — thus providing even greater opportunities for our students and faculty to grow and develop.

As University Year One nears its end, we look back with a sense of accomplishment, and with the knowledge of some goals unfulfilled. In University Year One, we enrolled the largest number of full-time students in the history of Kentucky State and the quality of the students showed improvement; more students because of their academic achievement earned places on the Academic Honor Roll; the institution received considerably more governmental support for carrying forward in fuller measure the institutions functions of teaching, research and public service; counseling services to students were expanded; the teaching faculty evidenced improvement in number and quality; more faculty members were engaged in productive research; the academic programs were enriched and expanded; one graduate program was inaugurated; and the physical plant was expanded by the construction of three projects designed to encourage physical development of students. Some goals anticipated for University Year One were not completely fulfilled — these constitute the unfinished business to be carried forward to University Year Two and beyond.

If Kentucky State is to remain true to its traditional adherence to substance rather than form, we must in University Year Two and in these years ahead give our greatest effort to the task of becoming a fullgrown university, recognized and respected as a living center of teaching and learning, and public service. This is the enormous challenge we face at the end of University Year One. All of us must remember that the Kentucky State University of tomorrow will be a true reflection of our vision, our aspirations, our labor, our dedication to excellence, today.

## Student Government Presidents' Message

*As I anticipate the coming of my departure from Kentucky State University, I take time to evaluate my experiences as a college student. I will remember especially the many persons who helped me in my efforts to make the Student Government Association a viable and effective vehicle for student interests.*

*During my tenure as Student Government Association President, I saw many things that could be improved. As with all such matters time, patience, and effort were of the utmost importance in making the necessary adjustments. For recognizing this I am deeply appreciative of the KSU student body. Without your support and understanding, my term as President would have had little meaning to me.*

*To those of you who continue to prepare yourselves for the rigors of the outside world, I implore you to remember the purpose of attending college. Hopefully, you came here to learn why the world is as it is. Many of us are constantly demanding change, it is essential that we truly understand what we want to change. If we as individuals can advance, then we have bettered the lot of many others, namely members of our families and our communities. Again, if we remember why we are here and who depends on us, our college careers will have more significance for us.*

*Today the word "learning" has come to denote a change in behavior. If we accept this definition then we can appreciate the necessary difficulties which we encounter while attending college. I am by no means suggesting that college life should resemble life in a concentration camp as some of us seem to believe it does, however, I am suggesting that without some trying experiences we could not be able to adjust our behavior to different situations. If we think of college as a laboratory where we can examine the world and adjust our behavior accordingly, then we can appreciate every experience and subject matter that we encounter in college.*

*Above all, I sincerely hope that you will consider yourselves as cogs in the Machine of Mankind. Your every thought and action will affect the people around you to some extent. You are not the only person who is affected by what you do or think. While you are in college you are prompted to feel that you are alone and that you should think of yourself only, but when we remember all of the people who helped us get where we are, it becomes easier for us to help others. Let's get an education for ourselves and for those who are not as fortunate as we are.*

*I can truly say that this has been a very eventful year for me. I feel that my tenure as President will further prepare me to assume my responsibilities as a member of today's society. I strongly urge all of you to participate in the affairs of the Student Government Association and any other student organization. You will find the experiences most rewarding.*

*Again, thank you for your confidence in me and your support.*

VICE PRESIDENT

TERRY GRIMES

# VICE-PRESIDENTS' MESSAGE

*One of the unique responsibilities and greatest privileges I have been awarded by my peers is the office of Vice-President of our Student Government Association. During my four years, I have seen the effects of past presidents Deborah Stapleton, Andrew Smith, and Philip Rogers. Like a set of steps, each president has only a short time to carry forth programs of the preceding president and constitute new ones that would also benefit our students. Before one realizes it, the President of our Student Government has changed.*

*In mid-year, it is hard to take over where one has left off and harder still because Alfonso was such a dynamic and effective President. As President of our Student Government, with renewed vigor I had to re-pledge myself to you, the students of Kentucky State University.*

*As individuals, we must set and maintain high scholastic goals and involve ourselves in varied social activities. As one group, We are the Thorobreds — champions in every respect. The Student Government Association can only become and remain one group plus be as effective as you, the students make it. Its leaders can only be as dynamic as you allow them to be. Through sincere cooperation, the student body has enriched my life, both as a leader and as a follower. It is my hope that we, as students and future alumni, will further enhance ourselves and Kentucky State, thus making her the model among small universities.*

# ATHLETICS

# ATHLETICS AT KENTUCKY STATE UNIVERSITY

Dr. William Exum

Dr. William Exum is a native of Corbendale, Illinois. He received his Bachelor and Masters Degrees from the University of Wisconsin and his Doctorate from New York University. Before coming to Kentucky State in 1949, Dr. Exum coached at Lincoln University in Missouri for three years. "Doc" came here as acting head of the Department of Health and Physical Education and Assistant Coach of Football and Track. In 1972, Dr. Exum was named as one of the managers for the United States Track and Field Team for the Summer Olympic Games in Munich, Germany. In addition to this honor, Dr. Exum has also been chairman of the NCAA meet committee for cross country for the past six years and has participated as an official on the College PTO and University Division National Meets.

Coach Kenneth Gibson

Coach Kenneth Gibson is a native of Brooklyn, New York. He is a graduate of Indiana University where he also received his graduate degree. He served as head track coach at Florida A&M for two years where he won a S.I.A.C. championship. Kentucky State University was his choice with seven years of coaching experience.

Coach James V. Oliver

Coach James V. Oliver is a native of Selma, Alabama. He received his Bachelor degree from Alabama State College. He was department head and athletic director at Hopewell High School, Reform, Alabama. He later taught at Central High School in Detroit, Michigan prior to coming to Kentucky State. He is now serving as the head baseball coach and assistant basketball coach.

Coach LeRoy Smith

Coach LeRoy Smith, head football coach, is a native of Lexington, Kentucky. He is a graduate of Jackson State College. After being an assistant at Tennessee A & I, he later became head coach at Tuskegee Institute of Alabama. Coach Smith was named the Southern Intercollegiate Athletic Conference' Coach-of-the-Year while still at Tuskegee. But why should Smith leave a place where he had been so successful? "I just wanted to come back to my home grounds," says Smith.

Coach Lucias Mitchell

Coach Lucias Mitchell has finished his fifth year as coach of the "Thoroughbreds," and his ninth year as head coach of a college team. He received his undergraduate degree at Jackson State College where he earned four letters in basketball as a forward. Mitchell holds a Masters degree in Health and Safety from Indiana University and has done additional study at the same institution.

Ms. Cornieth Russell

Ms. C.Y. Russell, Director of the Womens Athletic Association, is a native of Ripley, Tennessee. She is a graduate of Tennessee State in Nashville and received her Masters, there also. Ms. Russell stated, "My potential for developing better teams in the future seems to be good. I have some fine young ladies and they have improved tremendously, especially since we have exposed them to athletic clinics. Plans include exposing them continuously to these kinds of experiences for the development of their athletic talents."

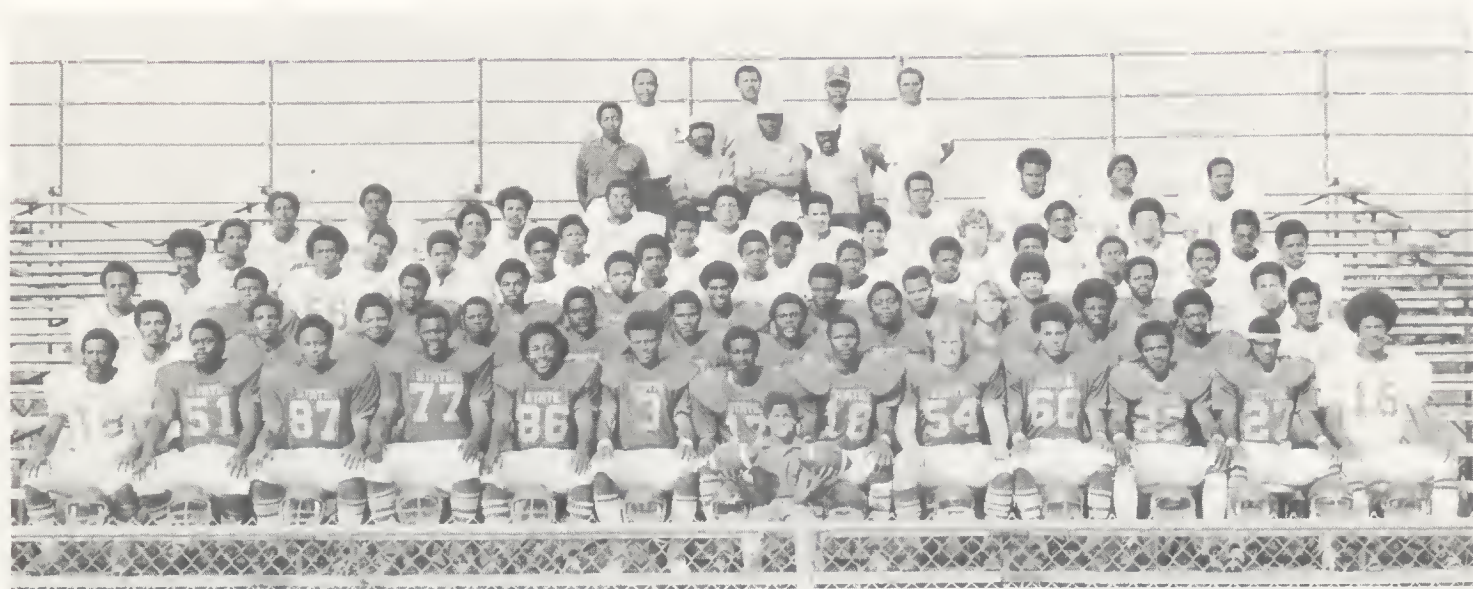

# THE THOROBREDS POST A SEASON OF 4-6

The 1972 Football season was a very disappointing one for everyone. Our fine team was racked with injuries, costly mistakes and tough luck. There were many bright spots like the outstanding pass receiving of Arthur Keller, the fine running of B. J. Grooms, Michael Beckham and Kenneth Chenault and the excellent playing of the defensive secondary. We say once again that our quarterback Michael Jackson and Wiley Epps at the middle line backer position had an outstanding year. The line back positions were almost depleted by injuries and some players who were expected to have a great season didn't. With experience and a few gaps filled, the 1973 edition of the Thorobred football team looks promising. It has been said that in the game of football you will win some you shouldn't and lose some you should. Both of these elements were factors for the 1972 Thorobreds.

# BASKETBALL

ROW ONE — Albert Faniel, Ronald Moore, Jarrett Stafford, Harvey Carmichael, Lewis Linder, Jr.

ROW TWO — Coach Mitchell, Bonnie Harris, Leon Harris, Karl Hopkins, Andre Hampton, Wayne Stokes, Arthur Box, Robert Whitley, Charles Francis, Leo Frey, Coach Oliver.

A K-State student may visualize a Kentucky State University basketball game like this, Rat to Bubba, Bubba to City, City to Box and the lay up shot by Baseline good!!! Nicknames are quite common for any team and our team is no exception: Baseline, Leon; Big Man, Wayne; Box, Arthur; Bubba, Lewis; Bullet, Robert; City, Karl; Double — "O", Faniel; Long, Ronald; Rat, Jarrett; Sweet "C", Harvey are the right combinations of the 1972-73 Kentucky State's Thorobred Basketball Team.

Basketball works on the premise of combinations; in order to have a successful year, the best combinations are used. Head Coach Lucias Mitchell and Assistant Coach James V. Oliver put all these working combinations together to form an electrifying . . . ???

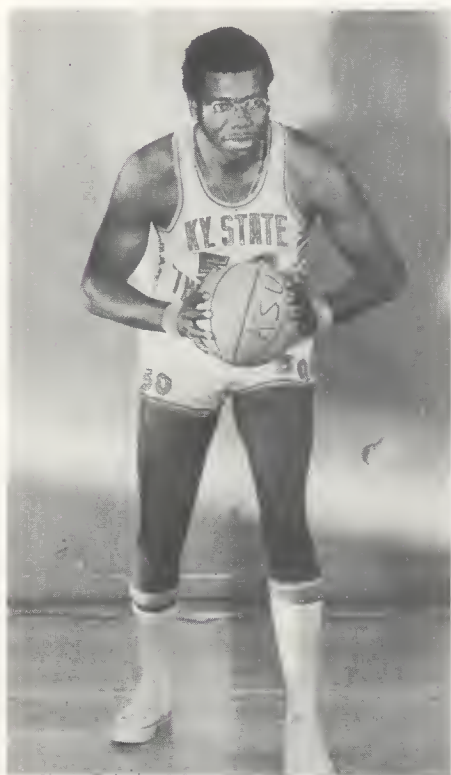

# PORTRAITS. OF COACH LUCIAS MITCHELL

Lucias Mitchell was named  
 "Coach of the Year" for 1972  
 again by the 100 Per Cent

# BASEBALL

*It is unusual that a person is knowledgeable in more than one sport as is James V. Oliver. He is the head coach of the Baseball team and the assistant Basketball coach. The baseball team had been forgotten as far as Kentucky State was concerned, then Coach Oliver took over the position in 1971 as head coach. Rebuilding and recruiting, he brought the baseball team to greater heights. If you were a witness at a baseball practice, you would hear Coach Oliver saying 'hustle you're too slow!' As the command was shouted, they hustled and thus brought the spotlight of baseball to the attention of KSU.*

## 1973 BASEBALL TEAM

SECOND ROW — Mark Watson, Tony Davis, Aljay Bettis, Kevin Threatt, Robert Booker, and Cedric Collins

TOP — Larry Adams and Luther Calloway — MISSING — John Trigg, Rodney Hampton, Fletcher Bearden, and Brian Phillips

*A senior, Robert Booker from Topelo, Mississippi in 1972, was ranked 9th in the nation in batting; his average was .433. With this batting average, Robert is a possible draftee for a pro position.*

*Here is Brian Phillips who is commonly referred to as Phil; he is a senior member from Plainfield, Indiana.*

# TRACK AND FIELD

Every Thorobred knows that ever since 1967 Coach Kenneth D. Gibson has been building a winning track and field team. Additional help from the student coach Dick Garrett was welcomed by Coach Gibson. Dick, a sprinter from Texas was on that famous team from K-State that won the N.C.A.A. College Division in 1971. The present team has returning stars recruited by Coach Gibson are Anthony Robinson, Ronald Botts and James Hunter. We have a new track for our sprinters which is located in the Memorial Athletic Complex and it is our hopes that we shall have many track meets there.

## 1972-73 TEAM

Ronald Boots, Mellico Abernathy, Carlton Stewart, Wendell Espy, Johnny Lloyd, Rudolph Davie, Dwight Marshall, Coach Gibson, Steve Jordon, Earl Garrison, Lonnie Bell, James Hunter,

Anthony Robinson, Charles Taylor, Nathan Cofield, Eugene Hawkins, Dick Garrett — Student Coach

The senior member of the track team is Steve Jordon from Owensboro, Kentucky who is majoring in Sociology and minoring in Health and Physical Education. Steve was one of the five Thorobred tracksters who in 1971 won the N.C.A.A. title. Although Steve is leaving us this year, we hope he continues striving for his goal, the Olympics!

# WOMEN'S INTERCOLLEGIATE SPORTS'

Ms. Cornieth Y. Russell is the head of Women's Intercollegiate Sports. Throughout the year, various sports activities were held. The first semester of University Year One found the women competing in volleyball with neighboring Kentucky colleges and universities. Second semester was basketball season and the University of Cincinnati was added to the schedule as the only non-Kentucky school that the squad played. Most of these events occurred in the afternoon and this gave the spectators an intrinsic chance to view them in the Bell Gymnasium.

Volleyball scores for the Women's Intercollegiate Squad for the 1972 season:

## *A NEW ADDITION — TENNIS TEAM*

*The tennis court was dedicated in the fall of 1972. With this addition, the athletic department decided to have a tennis team.*

*In seeking for a coach it was decided that LeRoy Smith and Lonzo Bullie will fill the position; they are considered the acting coaches.*

*Here are the members of the tennis team: Barry Simms, Carl O'Brien, Ronald LaRue, Mike Obaze, James Walters, Ronald Watson.*

# EDITOR-IN-CHIEF, JEWELL WILLIAMS

## EDITOR'S MESSAGE

The book has finally come to a close and all the pain and worry is over. One never knows the problems and confusion that is involved until one has ventured into such a task. I have heard in the past of editors who have expressed the finished product as their book, but I do not consider it so. A book is only as good as the staff as a whole makes it.

I appreciate the time, patience, and work of the staff members, Mr. Rogers, the photographer, and Mrs. McLendon, our advisor. Others who have come to my rescue are Mr. John Hardin, Mr. Baxter Melton, and many students.

We have tried to compile a book that will represent the students and the University. Many students here at Kentucky State pronounce their displeasure in many of the functions that take place here but never strive to improve or change such functions. I challenge each student to become involved in such actions to help improve and not just criticize others for trying.

It is my sincere hope that the THOROBRED for 1973 will give each of you some memories of University Year One.
